

Trollbeads Anniversary Bracelet

Dear Customer,

Lund Trading is excited to announce a limited edition Trollbeads Anniversary Bracelet. This bracelet symbolizes the 30 year history of Trollbeads. The many shapes, colors and patterns exhibit Trollbeads state of the art design and craftsmanship.

The bracelet consists of five sterling silver beads, five Murano glass beads, one 18kt gold bead, a fresh water pearl and a decorative lock.

There is a baby carriage for the beginning, flowers and of course a troll. A pyramid like shape is representative of the textile design used over three decades. Denmark's famous Viking warships are echoed in the beads as the touch of Danish history is not to be forgotten. The glass beads, indicative of Trollbeads, are a myriad of colors while the 18kt gold "heartbeat" adds a final touch to this unique bracelet.

The Anniversary Bracelet is as unique as the history of Trollbeads. Every bracelet has its own serial number carried on an engraved bead. The assembled bracelet is a limited edition and is sold world wide. Only the chain and fresh water pearl will continue to be a part of the Trollbeads universe.

Each bracelet, comes packaged in a jewelry box and will be sold in a very limited quantity. We are taking orders now for delivery in late November. The suggested retail price is \$670

Please contact us if we can answer any questions for you. Place your orders today for the bracelet so that we can guarantee delivery.
